## What do I get out of it?

The Entrepreneurship Workshop is based on dialogue.

Together we bring your professional skills and creative mindset to work. You will play with your ideas, look at new opportunities, and meet other internationals.

## On the Entrepreneurship Workshop we will work with:

- How you could put your professional skills to use?
- What your ideas are?
- How do you get started?
- What your biggest barriers are to becoming an entrepreneur or freelancer in Denmark?

You will get inspiration from two entrepreneurs, who will tell their story on how they succeeded starting their own business.

## Who can attend Tankestrøm?

If you have a creative business idea or if you have already started a business or working freelance and you want to get inspiration and motivation from teachers and other entrepreneurs, Tankestrøm is a golden opportunity for you.
